

Understanding the Learner

Assignment 3

Reflective Questions:

1. How did you ensure that you clearly identified three major factors from different sources?
2. How did you facilitate clarity and depth in your discussion of how each factor may impact learners' development?
3. Are the measures relevant, clearly described and justified?
4. How did you determine that your instruments and data collection methods are appropriate?
5. How have you demonstrated competency in your use of Standard English? Have you checked your spelling, punctuation and use of concord?
6. How have you infused literature in your work?
 - (a) Do your references indicate that you are an emergent teacher-learner?
 - (b) Do your references reflect your desire to be very informed and current?
7. How does your reference page reflect:
 - (a) your adherence to APA guidelines? and
 - (b) your desire to be the most informed teacher?
8. How have you ensure that your work demonstrates self respect, pride and a desire to be the best student teacher?
